

Licensing Act 2003 - Applications completed in 2019

Please find below a list of Licensing Act 2003 applications completed since 1 January 2019 by the Licensing Authority, Worthing Borough Council, for new Premises Licences, Variations to existing Premises Licences and Review applications.

The terms of the Licensing Act 2003 dictate that all 'new' application and 'variation' applications are publicised and consulted on. If no representations are received from 'Responsible Authorities' or any other persons such applications must be granted as applied for. If relevant representations are received and mediation between the parties is unsuccessful then the application has to be deliberated by a sub-committee of the Licensing & Control Committee B following a hearing.

'Minor variations' are also consulted on but only by 'public notice' on the premises, details posted on this website and any responsible authorities the licensing authority selects as relevant. If relevant representations are received and considered by officers to have implications under the licensing objectives then the application is simply rejected and a full variation has to be applied for.

'Review' applications cannot be withdrawn unless a licence is surrendered and must be heard by the full Licensing Committee B whatever agreement mediation may produce.

Consultation closed: Sunday 24 November 2019

Committee Hearing: Thursday 19 December 2019

Two representations were received from the public and the application attracted one representation from a responsible authority. In this case Sussex Police.

The Licensing Act encourages mediation and this was conducted successfully with Sussex Police. The Police's concerns were addressed by the applicant volunteering a number of conditions to the premises' operating schedule that would become enforceable conditions of any licence granted in addition to those detailed in the application.

In addition the applicant amended the application to close the premises at 21:30hrs each day.

Consequently, Sussex Police and one of the residents withdrew their objections.

Mediation was unsuccessful with the remaining resident that had made representation so the application was referred to a Licensing & Control Sub-Committee to consider.

After hearing from all parties the Committee resolved that a premises licence should be granted in the following terms:

- Sale of alcohol:
 - 10:00hrs to 21:00hrs Monday – Sunday

- Opening to the public:
 - 10:00hrs to 21:30hrs Monday – Sunday
- The licence to contain all the conditions agreed with Sussex Police prior to the hearing.

The Sub-Committee considered:

- the mediation during which the applicant had offered to amend the timings applied for and agreed to include the further licence conditions suggested by Sussex Police being placed on the licence .
- the remaining relevant representation which had not been withdrawn

and was satisfied that the additional conditions and amended opening hours specifically addressed the relevant concerns raised and as such the licensing objectives would not be undermined by the grant of this premises licence.

The current licence condition states:

- All 'street furniture' (tables & chairs) to be cleared and brought inside by 23.00hrs on any day.

The proposed amended condition to read:

- Heavy duty fixed 'street furniture' (tables & benches) to be provided in the designated outside area. These tables & benches to be cleared of drinks by 23:00hrs on any day.

No other changes were proposed by the application.

Licence holder and applicant: Mr Gregory Grundy

Consultation closed: Thursday 5 December 2019

Committee Hearing: Not required for a minor variation

For a minor variation application, in addition to the statutory public consultation, the Licensing Authority has the discretion to consult any responsible authorities it considers necessary and relevant to the type of application. In this case, as it involved changes to a condition of licence that could potentially have implications affecting the licensing objectives, Sussex Police and the Council's Environmental Protection Team were consulted.

Ten representations were received from members of the public in support of the application. However, it also attracted one representation from a member of the public and one from a responsible authority, in this case the Adur & Worthing Environmental Protection Team, objecting to the application based on the prevention of public nuisance objective.

Under the Licensing Act mediation of a Minor Variation application is not recommended. The minor variation process allows officers only two options:

- Grant the minor variation as applied for or,
- Refuse the application.

Consequently, the application in its current form was refused.

A minor variation application allows a licence holder to apply for a number of small variations to his/her premises licence that will not impact adversely on the licensing objectives. As a result of the representation

and after due consideration it was viewed that the representations could have some substance and the issues highlighted could have an adverse effect on the objectives. This does not mean that what was proposed might not be granted but in the circumstances it was considered such a change to the licence, in the circumstances, should require the options of mediation and even a hearing if necessary and these options are unavailable under the minor variation process.

The applicant now has the option of re-applying under the 'full' variation procedure
